POETRY

Valentine's Day

*Today on the 14th February it's Valentine's Day
At which lots of people say hip hip hurray
It's time to show your romantic partner regard
By getting them a nice present and card*

*Without a little bit of debate
Lots of people also enjoy going on a date
As trying truly to be heart to heart
In a friendly chat they play a big part*

*Lots of couples looking for a fair deal
Go out together for a short meal
Many, with a red rose on the table
Drinking happily to the future are able*

*Plenty of people will happily give Valentine's Day a cheer
Together with their loved one have a small glass of wine or beer
Whilst those who've with loneliness shown a bit of a tear
Should try to stay hopeful to be much luckier next year*
